Foundation Paper Piecing is the technique of sewing ON a foundation, generally paper. Basic Foundation Paper Piecing instructions can be found on our website on the FREE block of the month page.

TIP: When printing this design be sure to turn off the scaling on your printer.

ASSEMBLY INSTRUCTIONS:

Making these blocks is very simple. Just follow these simple steps

*Step One:* Make 6 copies of triangle templates provided.

*Step Two:* Foundation Paper Piece all six templates. Trim on the OUTTER marked lines. Remove foundation papers.

*Step Three:* Assemble the “triangle” units in two groups of three (3) as shown. (Block shown is just an example, not the block for this month). Stitch these units together to complete the hexagonal shape of the block.
