

## Flowers All Around Design #1

This block is the first in our newest series of Foundation Paper Piecing patterns. These designs were loads of fun to make. We are all familiar with a 6-pointed star block that actually forms a hexagonal shape. If you are not, here's a simple line drawing of the block. All designs will be using this same basic "shell" as its starting point. All designs will also be foundation paper pieced.

These blocks are NOT square. The designs we are providing you will finish at 16" X 14".

Foundation Paper Piecing is the technique of sewing ON a foundation, generally paper. Basic Foundation Paper Piecing instructions can be found on our website on the FREE block of the month page.

**TIP:** When printing this design be sure to turn off the scaling on your printer.

### ASSEMBLY INSTRUCTIONS:

Making these blocks is very simple. Just follow these simple steps

**Step One:** Make 6 copies of triangle templates provided.

**Step Two:** Foundation Paper Piece all six templates. Trim on the OUTER marked lines. Remove foundation papers.

**Step Three:** Assemble the "triangle" units in two groups of three (3) as shown. Stitch these units together to complete the hexagonal shape of the block.

**Step Four:** Cut 2 - 4 3/4" X 8 1/4" Rectangle of Background #3. (This is the outer yellow in the picture above.) Stack your rectangles RIGHT SIDES TOGETHER. Lay the Corner Triangle Cutting Template on the fabric, lining up the edges. Cut on the CUTTING LINE. Stitch these triangles to all 4 corners.

Done!
